

## **Licence restricted to ancillary work with asbestos**

**Licence Number 192105930**

The Health and Safety Executive, in pursuance of the powers conferred on it by the Control of Asbestos Regulations 2012, licences

**Abbey Scaffolding (Swindon) Limited  
Units 30 & 31, Whitehill Industrial Park  
Whitehill Lane  
Royal Wootton Bassett  
SWINDON  
Wiltshire  
SN4 7DB**

("the licensee")

to undertake work with asbestos subject to the conditions below. The licence is granted from **14 January 2021** and shall remain valid until **13 January 2024** unless revoked in writing by an authorised Person.

### **CONDITIONS**

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites.
2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will only apply to licensable work with asbestos as defined in Regulation 2 of the Control of Asbestos Regulations 2012 or when the licensee hires out employees (at operative level) to other licensees.
3. (a) Prior to submitting the notice of work required by Condition 2 the following documents shall be prepared by the licence holder:
  - i) a suitable and sufficient written statement of the plan of work to be used.
  - ii) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to your work.
- (b) The licensee shall, on request by HSE and/or the local authority provide copies of the documents referred to in 3(a) and/or allow inspection of those documents as required.
- (c) Work carried out under the notice of work required by Condition 2 shall be carried out in accordance with the suitable and sufficient plan of work and the equipment, as specified (a) (i) and (ii).

The plan of work and written specification must be provided on request and be available at the time of notification.

4. This licence shall only apply to putting up and taking down scaffolding, including any scaffolded frame, to provide access for licensable work where it is foreseeable that the scaffolding activity is likely to disturb the asbestos.
5. For the first three notifications carried out under this licence, a copy of the notice required under Condition (2) and a copy of the Plan of Work required under Condition (3), should be forwarded to the Asbestos Licensing Unit (ALU).
6. Establish a strategy for personal monitoring, that meets the standards in Regulation 19 of the Control of Asbestos Regulations 2012 and paragraphs 1.25 to 1.27 of HSG 247. A copy of the strategy should be forwarded to the ALU, by 26 February 2021.
7. Establish a system to monitor and review performance. A description of this system, including an auditing strategy, should be forwarded to the ALU by 26 February 2021. Copies of the first three external audits should also be forwarded to the ALU within a month of them having been undertaken.
